Dear Beena, dear Itay, dear Yossi,

dear friends and colleagues at the Israel Young Academy,

We are watching with shock and horror at the unfolding events following the attack on Israel. The horrifying situation you, your families, friends, and everybody in Israel are now facing is unimaginable.

We wish to express our support and our solidarity. We mourn with you for the victims of this aggression and hope sincerely that you stay safe.

Please be assured that we are standing by your side. If there is anything we can do to offer support, please let us know.

We are hoping for an instant end of the attacks and that peace will come to your country.

Yours sincerely,
